Membership has remained steady over the last two years (213 members 2017/18) with a little variation between the different categories. We continue to have a thriving, active and successful junior section, thanks to the efforts of Dan and his coaching team. Although the total number of members remains consistent, we continue to seek ways to promote the Club and encourage new members of all ages. The recent Open Day on April 7<sup>th</sup> was a successful and enjoyable event and will result in a few more adult members.

The membership database continues to be refined and double-checked for accuracy, so we hope that all members receive information that the Committee periodically send out. We will appreciate that you keep us informed if there are any changes to your contact details, or if you feel you are not receiving regular updates.

The Direct Debit system for payment of fees, which has been in operation for 2 years, has proved easy to use and the number of members opting for this form of payment has increased. The Treasurer is keen to gradually phase out payment by cheque because of the time involved in processing and, to this end, a discount continues to be offered for paying by DD.

After monitoring the finances last year, the Committee decided that small increases in fees should be implemented for 2019 to cover increased costs of maintenance and club development.

Thank you all for your continued support of the Club, and I wish you all a good tennis season.

Anne Boyce, Membership Secretary
